

NAVS Pricing Structure from September 2026

NAVS Young Voices

These are children aged 15 and under. The pricing is lower for this stage due to the limited technique we usually teach to this age group.

NAVS Young Voices Groups

Mustard Seed Music - £5 per child (Childminder discount - £4 per child)

Infants - £5.50 per 30 minute lesson

Juniors & Teens - £7 per 45 minute lesson

Home Ed - £7 per 45 minute lesson plus 15 mins transition time to MSDA Dance class

NAVS Young Voices Privates

For students wishing to grow in confidence and learn basic singing technique. These students may wish to take part in NAVS recitals and other performance opportunities.

NAVS Young Voices Exam Privates

For students wishing to explore graded exams where their technique and focus needs to be up a step compared to those just starting out, for those wishing to learn the grade appropriate music theory and sight singing alongside singing technique or for those wishing to take LAMDA Exams in Musical Theatre/Acting Through Song. As soon as a student has taken their exam, they can be moved back to the above pricing until they want to start exploring their next exam. Depending on how much homework is done and whether a child is coming for 40 minutes or 55, we can expect to get a student exam ready in four to eight months of weekly lessons (minus school holidays). The amount of work involved in taking an exam means it is more beneficial to do longer lessons for this kind of work. However, we can do 25 minutes and take longer over it if necessary. It is possible to do exam work with bi-weekly lessons, it will just take longer to cover the syllabus'.

Singing For Fun Stream

For private, duet or trio lessons where the student wants to have some time for themselves, get better and more confident using their singing voice and take part in NAVS performances and events. These students might have a specific goal of an amateur show they are in, help their voice be better to contribute more to their choir or to lead worship at their church. Having time for themselves is also a valid goal!

NAVS Adult Advanced Stream

For those wishing to learn the music theory & sight singing skills attached to a certain grade exam and/or for those wishing to delve deeper into advanced singing techniques. These people might be in semi-professional shows, be auditioning for higher education professional programmes or be good enough that your teacher deems you prepared to be teaching you advanced techniques. Some associate teachers feel more comfortable with this level of teaching than others, please contact us to help you find the right fit.
